

Line and Shape Feedback Cards

✂ Cut along the dotted lines to use as feedback, self-assessment, or peer feedback cards.

Great Work!

You used lines and shapes effectively.

Accurate Lines

Your lines are straight and neat.

Clear Shapes

Your shapes are recognisable and well formed.

Check Lengths

Check that your line lengths are accurate.

Check Angles

Check your angles. Are they accurate and consistent?

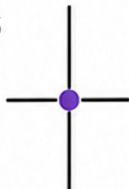

Use Parallel Lines

Ensure your parallel lines stay the same distance apart.

Check Intersections

Make sure lines meet at the correct points.

Consider Line Types

Use solid, dashed or dotted lines purposefully.

Check Balance

Is your design balanced and well arranged?

Look Closely

Check your work carefully for any small errors.

Try to Improve

What could make your lines and shapes even better?

Peer Feedback

Give one kind compliment and one helpful suggestion.
